

August 14 | BsideU for Life

The mission of BsideU for Life is to provide support and hope through the Gospel of Jesus Christ to those affected by unplanned pregnancies. They desire to save both the mother and the child. They are committed to presenting the gospel of Christ in word and deed by educating women facing crisis pregnancies, responding to their needs, and protecting the lives of unborn children, walking beside these families for life. They also offer life skills education to equip mothers and their children to live Godly lives by sharing God's word, encouraging Christian life choices, teaching practical living skills, and providing spiritual and emotional support as well as post-abortive counseling. Their goal is to provide a safe and emotionally supportive place for women to hear and experience the transformative power of the Gospel while being equipped, in very practical ways, to live productive and flourishing lives.

- Praise God for the overturning of Roe v Wade after 49 years!
- Pray for wisdom for their Pregnancy Center and Life Skills staff as they share the gospel and work with clients daily.
- Pray for their Annual Benefit Banquet, that God would be with them in their planning, and for a successful event on September 22.
- Praise God for potential volunteers and churches who are answering the call to love, serve and support our clients and their families.
- Pray for continued wisdom and discernment for Monica Henderson, the Director, and the Board of Directors who lead the ministry. Praise God for their faithful service!

Prayer: "For You created my inmost being; You knit me together in my mother's womb." Psalm 139:13 Pray for the unborn children.
