

## **August 17 | Hope Collaborative**

Hope Collaborative is a non-profit community organization seeking to bring wholeness, unity, and healing to our community, as one church body. Their goal is to mobilize the church to meet the needs of our community. They provide safe spaces and trauma-informed programs where individuals can build strong connections with others in their community while they grow and heal.

- Pray for the staff of Hope Collaborative to stay strong and focused on reaching the communities they serve.
- Pray for more schools to allow Hope Collaborative to be on their campus.
- Pray for more people to become mentors to the students in Jefferson and Bullitt County Public Schools.
- Pray for the Students to feel loved and accepted by their mentors.
- Pray for the mentors to stand strong in their faith and to represent Christ well.

*Prayer: Pray for the Students to come to know Jesus because of the influence of their Mentor*
