

## **August 22 | Global Church Growth (Michael Householder)**

The Mission of Global Church Growth is to make disciples by training and encouraging ethnic ministry leaders and providing the materials and support that will enable them to make more disciples. Michael Householder leads this ministry which is working in various countries around the world. Recently, working with John Leech, Michael made his first trip to Africa, wondering why he ever waited to go. John Leech and his wife Sherry have been established there since 1985. They taught and disciplined men and women in Global Church Growth Ministries with great response and vigor from many churches that agreed to implement the discipleship system in their churches. Michael is hoping to return to Cuba in September to continue training churches and leaders with the potential to reach up to two thousand other churches throughout Cuba.

- Pray for the training that is being done in Uganda.
- Pray for Fred Wangwa newly appointed coordinator for Global Church Growth Missions in Uganda.
- Pray for John Leech's wife Sherry who is suffering from Alzheimer's.
- Pray for the plans to plant twenty-three churches in Uganda.
- Pray for the upcoming training sessions in the eastern part of Cuba and for God's word to spread throughout Cuba.

*Prayer: Pray for the twenty-three Uganda churches that are eager and excited to implement Global Church mentoring and discipleship in their churches.*
