

August 23 | GO Ministries

GO Ministries seeks to empower local leaders in the Dominican Republic to make disciples, renew communities and create educational opportunities. Their activities include church planting, small business development, vocational training, schools, nutrition centers, medical clinics, and sports opportunities. They organize group mission trips to DR to assist in church planting and community renewal, to provide medical care, and to teach the Gospel message through sports.

- Pray for their Management Team as they oversee every aspect of the ministry's mission.
- Pray for the Dominican Republic Leadership Team as they serve as the boots on the ground in the DR.
- Pray for their annual fundraising golf scramble coming up on September 12.
- Pray for the work being done at their Leadership Development Complex and their Medical Center in the Dominican Republic.
- Pray for the OCC Student Ministry as they seek to partner with Go Ministries in future student mission trips.

Prayer: Pray that GO Ministries will continue to spread the Gospel message throughout the Dominican Republic through church planting, community development, medical care and education.
