

August 28 | Media to Movement

Media to Movement is the strategic use of digital media to identify people on a spiritual journey to Christ and connect them with disciple makers who equip them to reach their family and friends with the gospel. OCC is actively involved in leveraging social media to reach the people of Gateway in their local language through this approach. So far over 3.2 million people in Gateway have been reached with segments from the Jesus Film, creating opportunities for deeper spiritual conversations.

- Praise God for His provision and award of a financial grant to underwrite the costs associated with this ministry.
- Pray for continued perseverance for those involved daily in this ministry.
- Pray for God to raise up more people to pray for Gateway.
- Pray for many to come to know Jesus through this ministry.
- Pray for more local believers, with a heart for reaching their Muslim neighbors, to join this ministry and speak with interested persons both online and in person.

Prayer: Pray for God to raise up new believers in ways we can't imagine through the Media to Movement ministry.
